FOR IMMEDIATE RELEASE

Civil Rights, Housing, and Community Development Organizations Call on HUD to Maintain a Critical Fair Housing Tool and Not to Roll Back the Promise of the Fair Housing Act

(January 5, 2018, Washington, D.C.) – The National Law Center on Homelessness & Poverty joins 75 national civil rights, faith-based, affordable housing and other organizations to voice our strong opposition to HUD’s sudden and short-sighted decision to effectively suspend the Affirmatively Furthering Fair Housing (AFFH) regulation.

Nearly 50 years ago, Congress adopted the Fair Housing Act, landmark legislation necessary to end discrimination in housing and eliminate the barriers created by segregation. The AFFH regulation — designed with considerable public input and piloted extensively — was adopted in 2015 and was a critical and long overdue step in carrying out Congress’ intent. It provided jurisdictions with a roadmap and tools for compliance and included measures for accountability. Without warning, HUD has decided effectively to suspend the regulation, leaving local jurisdictions confused, giving local residents less voice in important decisions about their communities, and reinstating an approach to fair housing that the Government Accountability Office found to be ineffective and poorly administered.

HUD’s announcement today is a serious loss for fair housing and puts the promise of making every neighborhood a community of opportunity further out of reach. We call on HUD to reverse its decision, withdraw this notice, and move ahead with implementation and enforcement of this important fair housing rule. And we call on Congress to provide policy and budgetary oversight of HUD to ensure it is delivering on the promise of fair and equitable housing.
